

# Quality Guarantee

Dear friend ,

First of all, thank you for your support to try our products .

Based on the concept of mutual trust, mutual benefit and common progress, the company has established a strict quality management system according to product quality requirements, strictly controls all the links and tests each process related to product quality . And quantify the test indicators, responsibility to people .

In order to better cooperate with both parties in the future, and for the effective guarantee of product quality, Mosun Technology Co., Limited made a commitment to product quality below :

- 1.100% provide qualified LED products that meet the technical requirements for product use .**
- 2. The company manages the enterprise in strict accordance with the ISO9001 quality management system, allowing the enterprise to operate efficiently .**
- 3. All products provided by our company are tested by IES test, light decay, high temperature and high humidity, aging and so on.**
- 4. Under normal use of all products, the luminous flux maintenance rate is >97% for 10,000 hours and >80% for 50,000 hours .**
- 5. All products of our company are guaranteed for five years. During the warranty period, if the product has any quality problems, our company will replace it free of charge .**

Finally, I sincerely hope that your business will be prosperous and all the best, and we look forward to our deeper exchanges and cooperation .
